ELECTION INTEGRITY

OPPOSE SB214 Elections & Primaries - The only good part of this bill is the power of an audit moving from the SoS to the SEB for 2026. This should be added to HB960 when it goes to conference committee. *NOW it is a BAD bill. We no longer want this bill to be passed.

TAKE ACTION: Tell **YOUR Representative** to vote NO and oppose this bill.

SUPPORT HB960 - **Election integrity bill** formerly known as SB568

TAKE ACTION: Put pressure on Speaker Burns to agree with and pass the Senate version of the bill.

Ask them to add the “audit piece” from SB 214 when it goes to conference committee – this insures the SEB will have the power of the audit for 2026.

OPPOSE HB1368 – State control of local mental health board

Pending in the Senate Health and Human Services Committee

- Violates the principle of local self-governance — decisions should be made closest to the people they affect.
- Concentrates power in one unelected bureaucrat with no meaningful checks or balances.
- State-mandated "unified bylaws" eliminate local flexibility and impose one-size-fits-all governance.
- This is the same centralization playbook seen in California — Georgia must not follow that path.

TAKE ACTION: Call Senate Health and Human Services Committee Chair:

PARENTAL RIGHTS

SUPPORT SB74 - Harmful Materials for Minors in Libraries – is in House Rules Committee

This bill has been weakened with changes so the librarian can provide harmful materials to a child as long as the library hasn't removed it for being harmful. This is a small step forward and we will advocate for stronger language to be added to this bill next year.
